Gatekeepers shield C-level executives. Approach them with respect and understanding.

## OFFER VALUE RIGHT AWAY

Quickly explain the value you bring. Focus on benefits that align with C-level priorities.

## BE PERSISTENT BUT RESPECTFUL

If you don't succeed initially, follow up politely. Show you're serious but respectful of their role.

## BUILD RAPPORT AND TRUST

Make a strong first impression. Be friendly, use their name, and show genuine interest.

## USE REFERRAL OR MUTUAL CONNECTION

Mention any referrals or mutual connections. This adds credibility and can open doors.

## LEVERAGE MULTI-CHANNEL APPROACH

Use phone, email, and social media together. A multi-channel approach can help reach C-level execs.
